

Validator/Validator Administrator Reports

BLUF

Validators and Validator Administrators are responsible for running monthly audit reports. For additional information about responsibilities and reports, refer to the [Internal Controls Guide](#).

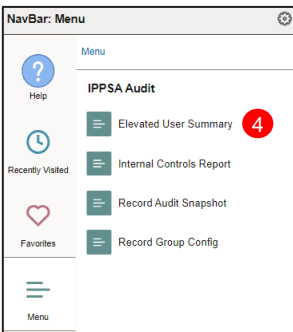

Monthly Reports

1. Log into [IPPS-A](#) navigation: NavBar > Menu > PeopleTools > Security > IPPS-A Audit Reports
2. Select Applicable reports to run monthly (within the first seven business days):
 - **Audit Inactive User Report**
 - **Audit Mass Update Own Data**
 - **Audit POI Active User Report**
 - **Audit SOD Report**

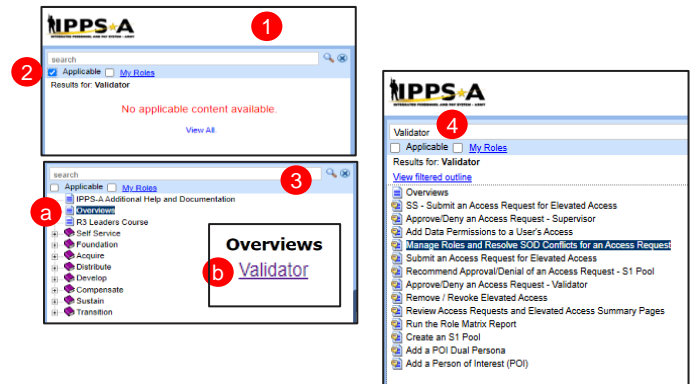

3. In the Global Search field type: **Query Viewer**. Query Viewer page displays.

4. Run the **Elevated User Summary** monthly.

Navigation: NavBar > Menu > IPPS-A Audit > Elevated User Summary

IPPS-A Resources

- a. Search Query Name: IP_AUD_WORLD_ROWSECCLASS. Run the **World Access Monitoring report** (within the first seven business days of the month).

To access the Validator Overview and applicable UPKs:

1. Log into [R3 IPPS-A Resources](#) page.
2. Once the page opens, deselect the 'Applicable' box.
3. a. Click on **Overviews**
b. Select **Validator**
4. Type '**Validator**' in search bar and select applicable UPKs: [Access Request](#), [Roles and SOD Conflicts](#), [Elevated Summary](#)
